## Agenda Item No - 3

### Financial Inclusion

Pursuant to the directives of DFS, Ministry of Finance, Gol as communicated through their circular F No.6/18/2012 – FI (C – 54009) dated 6<sup>th</sup> June, 2012, the undernoted issues need to be discussed in the SLBC meetings:

#### **i) Progress in extension of banking facilities as per Financial Inclusion Plan:**

The banks have already set up banking outlets in all the 419 villages having 2000 or more population largely through BC model and Brick and Mortar branches in some villages. BCAs were engaged in 414 villages B & M branches were opened in 5 (five) villages. 606147 accounts have been rolled out up to March, 2014.(List enclosed)

At the directives of IBA, 619 villages having population less than 2000 were identified in Tripura for providing banking services. The Banks have since covered all the 619 villages through BC model. But as per Govt of India guidelines under FI Plan at least 5% of the total villages (619) should have Brick & Mortar branches. Accordingly SLBC Tripura identified 35 centers for opening of Brick & Mortar Branches and allotted amongst the different Banks. So far 34 Brick & Mortar branches have already been opened and 1 (One) branch is yet to be opened in the village namely Thirthamukh (list enclosed).

#### **ii) Progress in opening of branches in under-banked and other districts as per strategy and guidelines on Financial Inclusion issued by the Department:**

In accordance with the directives of The Dept. of Financial Services, Ministry of Finance, Govt. of India in its circular F No. 21/13/2009-FI (Pt) of DFS, MOF, Gol dated 21.10.2011 on Strategy and Guidelines on Financial Inclusion, 27 villages of under banked districts were identified and allocated among the banks for branch opening within Sept 2012.

The DFS in its circular dated 20.3.2012 has clarified that in the under banked districts all villages with 5000+ population should have a bank branch by September 2012. It was also clarified that banks can set up **Ultra Small Branches** in those villages where regular Brick & Mortar branches are not considered viable. Up to March 2014, the banks have opened 25 B & M branches. Out of the remaining two, UBI has already opened a branch at Chakmaghat which is about 1km away from Uttar Gokulnagar. The village Central Catchment is no longer in existence in the said name. (List of 27 villages with status is enclosed)

#### **iii) Progress in establishment of Ultra Small Branches in all FI villages:**

The DFS, MOF, Gol in its circular dated **28.12.2011 and 09.2.2012** directed that at all villages having 2000+ populations where opening of conventional brick & mortar branch is presently not viable, the bank may set up **Ultra Small Branches**. USBs can later be upgraded in to a regular bank branch on reaching the desired level of business.

In the 103<sup>rd</sup> SLBC meeting, Govt. of Tripura, placed a list of 107 nos of Ultra Small Branch(USB) / Brick & mortar and 170 nos of ATMs for opening in Tripura in connection with implementation of Direct Benefit Transfer. Accordingly a meeting was convened by rthe Hon'ble Finance Minister GOT at the State Secretariat Building, Agartala on 19.02.2013.

In the meeting, center wise detail discussion was made by the minister and the members of the committee and 80 (eighty) centers were selected out of 107 and allotted to different banks for opening of Ultra Small Branch as per Annexure. Since there was no representative from FIS in the meetings, the 103<sup>rd</sup> SLBC advised the convener bank to allocate 170 centers amongst the member banks for opening rural ATMs as per list supplied by the State Government. The allocation of ATM centers was supplied to the member banks on 19.04.2013 in the RBI monthly review meeting for taking up the matter with their controlling authority for opening of ATM counters.

The DFS in their circular dated 07.08.2012 observed that the weekly visit of the designated officer to a USB established in villages having population of 5000 or more in underbanked districts and 10,000 or more in other districts is insufficient and cannot provide required services to the customers. In order to provide adequate services in such villages, they recommended the following measures for adoption:

- i) The USB shall be managed full time by at least one bank officer with laptop having VPN connectivity supported by BCA.
- ii) Manpower may be increased with the increase in business volume.
- iii) The branch shall have normal business hours as the base branch.
- vi) Such Ultra Small Branches should have a pass book printer and a safe for cash retention.

Up to March 2013, out of 414 villages having 2000+ population provided with BCs, CSPs of 49 villages could be converted into USBs. The member banks have been requested to speed up the process of conversion so that all 2000+ population villages already covered with BCAs are converted to USBs shortly.

#### **iv) Campaign to ensure that each family has at least one account in Rural Areas:**

Dept. of Financial Services, MoF, Gol in their e-mail dated 3<sup>rd</sup> August 2012 (F No. 6/ 23 /2012 – FI circulated amongst all banks) highlighted the issue of opening of one bank account per family. Five districts of Tripura viz. West Tripura, Khowai, North Tripura, Dhalai and South Tripura have been identified for implementation of **Direct Benefit Transfer** Scheme wef 1<sup>st</sup> June, 2013.. #### vi) Convergence of insurance facilities with the FI initiatives:

As recommended by DFS, MoF, GoI a committee on micro insurance comprising SLBC convener, representative of NABARD and representatives of LIC and National Insurance Company has been formed. All the Lead District Managers have been advised to form the said committee at the district level comprising LDM, DDM, NABARD and representatives of LIC and NIC. The LDMs are advised to activate the committee and provide information in respect of BCs of different banks functioning in each district.

In Tripura 31 centers have been identified where 3 or more branches are operating but clearing facility is not available in the said centers. There are 17 centers where six or more branches are operating without any banking facility. As per RBI directives these centers need to have Clearing Facilities. A list of 15 such centers have been submitted to RBI along with Feasibility Report for permission and providing guidance for 4 DBT Districts in the first stage as per instruction of DFS. **RBI Guwahati. Vide letter No.GUWA.NCC/636/10.02.37/2012-13 dated 23.05.2013 accorded approval for opening 5(Five) nos of Clearing Houses within 2 (two) months by the Banks as per list given below:**

**Recovery Performance of Banks  
As on 31.03.2014**

**The recovery mechanism** is also not functioning properly and the NPAs are rising more or less in all banks. Some of the reasons could be as under:

- Diversion of fund.
- Joint Recovery camps with active involvement of State Govt. Representatives are not being held frequently.
- Inadequate follow- up and personal contact with the borrowers.
- Un- remunerative price of Agricultural produce.
- Marketing facility is inadequate for industrial products.
- A good number of borrowers do not repay their loans willfully.
- Two Debt Waiver schemes have left negative image in the minds of borrowers who used to be paymasters earlier.
- Recovery process through legal recourse is time consuming.
- Recovery percentage under Public Demand Recovery Act is very poor.
- In enforcing recovery through SARFAESI act, more proactive support of State Govt. is necessary.

The house may discuss these issues and suggest corrective measures for implementation.

**Sector wise recovery –**

Overall recovery percentage in respect of three broad sectors, viz., agriculture, MSME and Other Prisec. as on 31.03.2014 stands at 59%.

In view of spurt in the fraudulent use of land records, it has become imperative to introduce **on-line land verification system**; the State Govt. to explore the possibility of extending support to introduce the following procedures:

- Land records may be made available on-line where bankers may be given access to verify the ownership of the land offered as security or for cultivation of crop.
- In the States like Karnataka, charge on land is also registered on line which may be replicated in Tripura.

## **Regional imbalances in deployment of credit to various sectors of the economy:**

Credit off take in Tripura is generally at a lower side compared to the other States of the country. The CD ratio of the State during last two- three years has moved both ways in the range of 30% to 39% and as on 31.03.2014 it stands on 38%. The State had achieved the target under ACP 2007-08(102%), ACP 2008-09 (113%),ACP 2009-10(114%) , ACP 2010-11 (99%) ACP 2011-12 (98%), ACP 2012-13 (94%),ACP2013-14(123%) resulting insignificant impact on CD ratio. The reasons could be as under:

- i. Relatively faster growth in deposits.
- ii. Scope of big Industrial Advance is limited.
- iii. Being a landlocked State, cannot go all out to market its products in the other parts of the country.
- iv. Contribution of Traditional sector towards total advance of the State is much lower in comparison to other States.
- v. Priority sector being the principal sector where credit can flow has limited absorption capacity.
- vi. Non-availability of adequate irrigation facility is one of the limiting factors of low credit off take in the State.

In Tripura (W) district where CD ratio is the lowest in the State, a Subcommittee has been formed to work out the ways to raise the credit off take for various viable projects in different sector / segment of the economy.

**SME financing & bottlenecks thereof, if any**

Some of the problems that are being faced by the entrepreneurs of the State can be summarized as under:

- Reluctance of big industrial houses to set up their units in the northeast.
- Inadequate Research & Development facilities
- Inadequate level of computer based technology
- Limited spread of brand image
- Low productivity
- Inadequate infrastructure facilities
- Being a landlocked State transportation of products of the State to other part of the country is dependent on road connectivity only. Because of the distance, transportation cost is much higher in comparison to other States.

The summary of SWOT analysis of Industries in the State could be as under:

**Strength** : Abundance of natural resources and cheap labours. Political stability etc.

**Weakness** : Inadequate Research & Development facilities, lack of proper system of identification of viable projects and activities and marketing bottlenecks.

**Opportunities** : Cross border trading with Bangladesh and increasing domestic demand.

**Threat** : Relatively higher production cost and fast changes that are taking place in the economy.

The following measures suggested below may be considered for discussion with a view to combat the problems and to ameliorate the industrial situation in the State:

- To examine the issue of supply of power at a reasonable cost to entrepreneurs.
- To study the financial implication for compliance of pollution control norms.
- To promote the brand image of industries of the State.
- To create proper marketing and infrastructure facilities.
- To promote Research & Development activities for continuous development of product quality and cost efficiency to face competitions.

Particulars of Flow of credit to MSE sector has been shown in Agenda Item IV.
