POLICY INITIATIVE OF THE GOVERNMENT

Implementation of CKYC in Banks

Central Know your Customer record registry (CKYCRR) is a registry established under PML Rules, 2005 (Maintenance of Records) in 2016 as a repository of KYC record. Before this repository, when a person approaches the financial institution for opening an account, he/she needs to submit KYC documents to every financial institution. For any change in KYC details, individual needs to approach all the institutions where he/she have an account.

Now, customer has to submit documents only once to any financial institution, the financial institutions upload the KYC details into this repository and the CKYCR issues a 14-digit unique CKYC Number, which can be used by the customers to maintain multiple account based relationships. In case of any changes to the personal information can be informed to only one institution and all other institutions customer has an account will be informed by CKYCR.

As per PML guideline, every Reporting Entity within 10 days after the commencement of account-based relationship with the client has to file the electronic copy of the client's KYC records with the Central KYCR Registry. The CKYCR Registry shall process the KYC records received from reporting entity for deduplication and issue a 14-digit unique KYC identifier for each client to the reporting entity, which shall communicate the KYC identifier in writing to the customer. The registry has started Missed call facility (no.7799022129) and view only facility on CKYCR website to know CKYC card.

E- Kisan Upaj Nidhi & CGS – NPF

e-Kisan Upaj Nidhi (e-KUN) a digital gateway on boarded on Jansamarth portal on 04.03.2024 with collaborative efforts of Department of Food and Public Distribution, Department of Financial Services, Warehousing Development and Regulatory Authority (WDRA) and NABARD. The gateway will boost post-harvest pledge financing for farmers. This will provide them sufficient liquidity and help them defer sale of their harvested produce to a more opportune time when it could fetch better prices. Thus, distress sale can be reduced.

The farmer will first have to register himself with his repository account details issued to him by the repository, authorized by WDRA. The gateway will automatically authenticate these details through electronically integrated data bases of UIDAI, CBDT, Repository, etc. The Rule engine of portal also examines the farmer credit details like CIBIL score, etc. The Rule engine then provides the farmer, details of loans offered by banks. Once the farmer chooses a bank's offer, the portal provides a digital in-principle approval for the loan. The farmer can go to the bank to complete documentation and to get the amount disbursed.

Government of India has launched a credit Guarantee Scheme of e-NWR based pledge financing (CGS-NPF) with a corpus of Rs.1000 crore to encourage banks to extend pledge finance against e-NWRs to farmers and traders on the agricultural/horticultural produce stored in the WDRA registered warehouses.

CREDIT GUARANTEE SCHEME FOR STARTUPS

The Central Government has approved the 'Credit Guarantee Scheme for Startups (CGSS)' for the purpose of providing credit guarantees to loans extended by Member Institutions (MI) to finance eligible borrowers being Startups as defined in the Gazette Notification issued by the Department for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce and Industry.

The Government of India established the Credit Guarantee Scheme for Startups with a fixed corpus for providing credit guarantees to loans extended to DPIIT recognised startups by Scheduled Commercial Banks, Non-Banking Financial Companies (NBFCs) and Venture Debt Funds (VDFs) under SEBI registered Alternative Investment Funds. The revised framework has enhanced guarantee coverage, increasing the maximum limit from ₹10 crore to ₹20 crore per eligible borrower.

The broad objective of CGSS is to provide guarantee upto a specified limit against credit instruments extended by Member Institutions (MI) to finance eligible Startups. This scheme would help provide the much needed collateral free debt funding to Startups.

CGSS does not provide guarantee cover to DPIIT recognised startups directly, but through a Trustee (NCGTC), which in turn provides guarantee cover to MIs who provide loans to startups. The instruments of assistance would be in the form of Venture debt, working capital, subordinated debt/mezzanine debt, debentures, optionally convertible debt and other fund-based as well as non-fund-based facilities, which have crystallised as debt obligations. Credit guarantee coverage under this model would be either transaction-based or umbrella-based.
